CRAFTS

Crayon Resist Ocean

On a white sheet of paper, draw pictures of lots of fish with a white crayon. Paint over the crayon drawings with watercolor paint and see the hidden fish.

Fun Fish Magnet

Construction paper or blank white paper to color
Fish and letter template (attached)
Glue, scissors
2 magnets

Use the template provided to trace and cut out a fish (Christian symbol) using construction paper or blank paper. Again, using the template trace and cut out the letters to spell J-e-s-u-s out of different colored construction paper or blank paper. The letters should conform to the shape of the fish, notice that the last S flows into the tail of the fish. If you used blank paper, color your fish and your letters.
Glue the multi-colored letters onto the fish. The letters will only fit one way. Have your child/ren "dry fit" the letters on top of the fish before gluing the letters in place. Once the glue has dried them attach the two magnets on the back of the fish. Place the magnets near the middle of the fish, with one magnet at the head and the other at the tail. This craft makes a perfect refrigerator magnet.

OBJECT LESSON

Feeding 5,000 John 6:9

Jesus performed a miracle and fed five thousand people with only five loaves of bread and two fish from a boy's lunch. The boy gave Jesus all he had. You may not have much, but if you give it all to Jesus, he will use it for his glory and make it grow. Decode the message below.
